

# True Love

## Lil' Romeo

My heart won't let you go  
(Okay, okay)  
I love you, Romeo  
You my Juliet girl, come on Love has truly been good to me  
Not even one sad day or memory  
I've had since you come my way  
I hope you know I'll gladly go  
Anywhere you take me it ain't no limit to this love  
I'll follow you to the moon and the sky above The first time I met you, I didn't sweat you  
My Juliet I knew that I catch you  
Gave you the key to my heart you unlocked it  
A perfect match you the plug I'm the socket  
As time moved on we became friends  
I knew was love at first sight and it wasn't about the dividends You was there when I needed you  
I remember writing letters on the road I wanna be wit you  
I know we young and we got time  
Little soldiers need love, so girl, I wanna make you mine  
We could row together, go to shows together  
My best friend, girl, let's grow together Love has truly been good to me  
Not even one sad day or memory  
I've had since you come my way  
I hope you know I'll gladly go  
Anywhere you take me it ain't no limit to this love  
I'll follow you to the moon and the sky above We could walk together rode buses together  
Ya mom call us killer bees we stuck together  
We at parks play hide-go-seek  
I find you or you find me  
(You, me)  
This was meant to be they call us little one and shawty  
Find us hugged up at every school party We study together, ball together  
Somebody said cupid must have brought us together  
I love yo cute eyes and you love my tight braids  
Play video games almost everyday  
And when we not together we on the phone  
Talkin' 'bout our first kiss and we don't wanna be alone Love has truly been good to me  
(The way you make me feel has gotta be true love)  
Not even one sad day  
(The way you make me feel has gotta be true)  
Or memory I've had since you come my way

I hope you know  
(The way you make me feel has gotta be true love) I'll gladly go anywhere you take  
(Come on)  
Me  
(The way you make me feel has gotta be true love)  
It ain't no limit to this love  
(Come on, come on)  
I'll follow you to the moon and the sky above And I remember so well  
How your smile made me feel bright  
Like the sun shine I'm so glad that you mine  
You my Juliet, I never let the jealous ones  
Between and that's a safe bet And we could get the study in after school  
Is over homework is a must  
So we can come over and have the words we could  
Hit the mall zip ices and cotton candy  
And after that come chill wit the family Got to tell you how you thrill me  
I'm so happy that you came in here and changed my world  
Bye bye sadness hello Romeo  
Your the only boy that's why solonge is so in love  
I'll follow you to the moon and the sky above Romeo  
Romeo  
Romeo  
...
