Sing To Me

Before Their Eyes

It's harder when we're standing miles apart
If I could dream I'd paint a scene
But there is too much noise
When I can't sleep I need to hear your voice

Would you sing to me
Would you sing to me
'Cause I can feel a part of me starting to break
And when you are away from me it's harder to breathe

I don't really know just where you are
It's harder when I'm here and I'm all alone
If I could sleep, it's you and me
This distance keeps me up
Come set me free I need to feel your touch

Would you sing to me
Would you sing to me
'Cause I can feel a part of me starting to break
And when you are away from me it's harder to breathe

Would you sing to me
Would you sing to me
'Cause I can feel a part of me starting to break
And when you are away from me it's harder to breathe

Don't wake me up (when I can't sleep)
I really can't get enough (I need to hear your voice)

Don't wake me up (when I can't sleep)
I really can't get enough (I need to hear your voice)

Would you sing to me
Would you sing to me
'Cause I can feel a part of me starting to break
And when you are away from me it's harder to breathe
(Don't wake me up
I really can't get enough)
