I Believe

Gino Vannelli

Here I am a man in a new generation
Keep hanging on to where I belongI believe the world is one
Behind this masquerade
Reach out of the darkness
And bring in the light into dayHere I am a man with a old fascination
(just an old fascination)
Still holding the line on my time
'cause I believe the day will come
When things will work out rightReach out to your brothers
And save every mother and childWell I want you to know
I believe that a love can find a way
And I believe that a heart of stone can break
I believe that a wise man hears a call
And the writing's on the wall
And it's shining so bright and clear
Yeah, yeah, yeah, yeahI believe what's done is done
And what will be will be
Reach out to each other
A moment is all you needWell I want you to know
I believe that a love can find a way
And I believe that a heart of stone can break
I believe that a wise man hears a call
And the writing's on the wall
And it's shining so bright and clear
