## Tad Morose

Time can take everything that surrounds you  
You can break from everything that confines you  
    Some to trust, look in my eyes  
    I will guide you, so I say  
    Living to love could remind you  
    You can't know follow  
    What I say to you, take with you today  
    The pressure it brings, alone, alive to know  
    What I say to you, take with you today  
    You can't take the pain to live to know  
    You can't fake  
    Everything that reminds you  
    How you feel

Time will tell what's inside you  
    You can't know follow  
    You can't know follow  
    What I say to you, take with you today  
    The pressure it brings, alone, alive to know  
    What I say to you, take with you today  
    You can't take the pain to live to know  
    What I say to you, take with you today  
    The pressure it brings, alone, alive to know  
    What I say to you, take with you today  
    You can't take the pain to live to know
