

Some Fun Now

John Hiatt

Now your private life is in the public domain
And your one true love is just a lipstick stain
And your point of view is just a figure of speech
Well I rest my case, you're out of reachHavin' some fun
Havin' some fun now
Havin' some fun
Havin' some fun nowWell the tough get goin' and the good die young
Maybe you're the only good your mama ever done
But you wouldn't know a good thing if you sawOne, two, three, I'm down on my knees
Four, five, six, gotta lot to fix
Seven, eight, nine, goin' outta my mind
And it's a fast free fall from a long hard climbHavin' some fun
Havin' some fun now
Havin' some fun
Havin' some fun nowAnd you wonder how you ever got it so far
From a Mel Bay book into a long black car
And all along the way they never made you cry
But they never got the joke and you don't know whyHavin' some fun
Havin' some fun now
Havin' some fun
Havin' some fun nowThe party's over and the war is won
And you know what you're doin'
'Cause you know what you've done
But you wouldn't know a good thing if you sawHavin' some fun
Havin' some fun now
Havin' some fun
Havin' some fun now
