

I Never Pass There Anymore

[Jim Reeves](#)

There's a house just downstreet
a welcome mat outside the door
But it's for him and not for me
I never pass there anymore
Within this house there is a girl
I'll always adore
But I've been banished from her world
I never pass there anymore
Within this girl there is a heart
and in this heart there is a love
But it's a love for someone else
I'm not the one she's dreaming of
Yes there's a house just downstreet
I've been there many times before
But now it's best we never meet
I never pass there anymore Within this girl there is a heart...
