Let's Work Together

Dwight Yoakam

Well together we stand divided we fall
Come on now people let's all get on the ball
Let's work together
Come on, come one, let's work togetherHere here now because together we will stand
Every boy, every woman and manMake someone happy now, make someone smile
Let's all work together and make life worthwhile
Let's work together
Come on, come on, let's work togetherHere now because together we will stand
Every boy, every woman and manWhen things go wrong as they sometimes will
When the road that you travel seems all up hill
Let's work together
Come on, come on, let's work togetherNow people because together we will stand
Every boy, every woman and manTwo or three minutes, two or three hours
What does it matter in this life of ours
Let's work together
Come on, come on, let's work togetherNow people because together we will stand
Every boy, every woman and manTogether we stand divided we fall
Come on now people let's all get on the ball
Let's work together
Come on, come one, let's work togetherNow people because together we will stand
Every boy, every woman and manYeah together we will stand
Every boy, every woman and man
Oh I said together we will stand
Every boy, every woman and man
Yeah together we will stand
Every boy, every woman and man
Yeah I said together we will stand
