

# I Want You

## Real McCoy

More and more I love you more than words can say.  
Your love is just a miracle, your love will save the day.  
Tell me what I have to do, to keep your love,  
Baby all I want is you, more and more and..More and more to my surprise,  
I want you I realize,  
Fell in love, in love with you,  
Anything you want..I want you give it up, you know you've got to give it up.  
I know your love will save our day. I want you give it up,  
you know you've got to give it up, you better start to understand...  
More and more I've got you always on my mind.  
I want you each and every day, I need you anytime.  
'cause I never knew a love, like this before,  
tell me how to keep your love, more and more and...I want you give it up, you know you've got to give it up.  
I know your love will save our day. I want you give it up,  
You know you've got to give it up,  
You better start to understand...  
I want you give it up, you know you've got to give it up.  
I know your love will save our day.  
I want you give it up, you know you've got to give it up,  
You better start to understand...
