

# Near Dark

## Holy Moses

Humanity is under siege  
And we don't stand a chance  
An entity untouched  
By love, hate of pain Brave new world, cold and clear Miles away you feel it's pulse  
You don't want to know what it is  
You get to grab its honor  
While the dark closes in When the shock waves hit the flesh  
You feel death by your side  
Shining bright for all to see  
The new machine
