

# Close Call

## Posij

She was born on a bright new pew  
To a gypsy mother and a bucket of tears  
Her good looks could've sailed a ship  
But her will alone could've sunk it

Funny thing about money for sex  
You might get rich but you'll die by it

It's gonna be a close call  
Gonna be a close call

Tell me now, what would you do  
Hanging back with the brooms  
Hustlin', pick pocket,  
Thats the way to get rich

It's gonna be a close call  
Gonna be a close call (x3)

(oooh, aahhh, ahhh)(x2)

Business men with good sense  
If you live at all, you're gonna die by it  
Funny thing about money for sex  
You might get rich but then

It's gonna be a close call  
Gonna be a close call (x3)

(oooh, aahhh, ahhh) (x4)
