

For A Better Day (feat. Alex Ebert)

Avicii

Hurt

On caution weep
With bleeding sky
I called you name

There was no one there
And in the cold and snow

I saw your face And I sang the song for the little things

Magic call, but the joy you bring
Running it down the line

Wish you could find that love is a fragile thing

Magic call from a pretty thing
Maybe it might be time

For a better day
For a better day

For a better day Straight, from the path of love

In the road of life
I tumble forward

But going on, I'ma keep it strong

I saw your face And we sang the song for the little thing

Magic call, but the joy you bring
Running it down the line

Wish you could find that love is a fragile thing

Magic call from a pretty thing
Maybe it might be time

For a better day
For a better day

For a better day
For a better day

For a better day
For a better day
