

# Day Will Never Come

Edwin McCain

The smile on your face could sacrifice salvation  
As the winter sunshine fades to bring you down  
A fumble in the dark, it's a journey on the night train  
A friendship never grows to bring you down[Chorus:]  
Everybody's waiting for God to fall out of the skies  
Is it all in the stars tonight  
Is it all in your mind  
That day will never come  
A sentimental dream, my feelings based on instinct  
As I curl up and sleep on the floor  
If there's danger ahead that's keeping you waiting  
And you know you've had enough when the morning comes[Chorus]Is it all in the stars tonight  
Is it all in your mind  
Cause I don't really know
