

# Mushmouth Shoutin'

## ZZ Top

You know I'm wild about you, baby  
Been keepin' me from my sleep at night  
You know I'm hung up on you, little doll  
You just don't treat your daddy right You know you crazy when you get drunks  
You be talkin' all out your head  
You're acting mighty strange about me  
Sayin' those things you said I'm just wild about you, baby  
Been keepin' me from my own sleeps at night  
You know that girl I'm hung up on you, little darlin'  
You just don't treat your own daddy right, oh yeah D'ya know I came home last night  
And I looked down on the floor  
I saw a fine pair of alligators  
Some I ain't never had before But I'm wild about you, baby  
Been keepin' me from my sleeps at night  
You know I'm hung up on you, little darlin'  
You just don't treat your own daddy right Said, now honey if you don't  
Don't stop messin' round with me  
Try'n to make me out a dumbbell  
Somethin' I ain't never gonna be I'm still wild about you, baby  
You been keepin' me from my sleeps at night  
You know I'm hung up on you, little doll  
But you just don't treat your own daddy right
