

Do It!

Lamont Fleming

Ah yeah
(Keep it going, keep it going)
Ah yeah
(Keep it going, keep it going)

If she ain't the baddest chick
I don't want her
Don't want her
Looking at her
Make me want to light it up
I just gotta to refill the cup
Real quick
Taint on that shh you on
Your body set the tone
How you're moving on the dance floor
Making me want to get down
Oh so gone

Now just sitting back in that whip
Now just sitting back coming to my crib

I'm just trying to do you a favor
(Ah yeah)
Get you feeling good now for later
(Ah yeah)
We on to something
No, there ain't no need a fronting

Ain't nothing to think or talk about
Just do it
We can have another drink and work it out
Just do it
Ah, just do it

After tonight, tomorrow
You can wish you can pass the wine
Make everyday a party
The spotlight's your sunshine

(Yes I see it)

I see it
(Baby I believe it)
Baby I believe it
Don't leave me alone
How you're moving on the floor
Make me wanna get gone
(Gone, gone, gone, gone, gone, gone,)

Now just sitting back in that whip
Now just sitting back coming to my crib

I'm just trying to do you a favor
(Ah yeah)
Get you feeling good now for later
(Ah yeah)
We on to something
No, it ain't no need a fronting

Ain't nothing to think or talk about
Just do it
We can have another drink and work it out
Just do it
Ah baby, baby

Now that we're right here
Where we need to feel
It'll get us right
Keep it going girl

(Yes I see it)
I see it
(Baby I believe it)
Baby I believe it
Don't leave me alone
How you're moving on the floor
Make me wanna get gone
(Gone, gone, gone, gone, gone, gone,)

Now just sitting back in that whip
Now just sitting back coming to my crib

I'm just trying to do you a favor
(Ah yeah)
Get you feeling good now for later
(Ah yeah)
We on to something

No, it ain't no need a fronting

Ain't nothing to think or talk about

Just do it

We can have another drink and work it out

Just do it

It ain't nothing to think or talk about

Just do it

We can have another drink and work it out

Just do it

Just do it, girl

Ain't nobody acting up tonight

Ain't a damn thing wrong

It's alright woo hoo hoo

Just do it, I said

Too much ain't enough tonight

I'm a need the bartender; DJ to keep up with us

Ahh, ahh, ahh

I just want you to do it

I'm just trying to do you a favor

(Ah yeah)

Get you feeling good now for later

(Ah yeah)

I'm just trying to do you a favor

(Ah yeah)

Just dooooo it

(Ah yeah)

Keep it going, keep it going

Dooooo it

(Ah yeah)

Keep it going, keep it going
