

# I Want a Love I Can See

**Jennifer Love Hewitt**

I wanna love I can see  
That's the only kind that means a thing to me  
Don't wanna love you have to tell me about  
That kind of lovin' I can sure do without I wanna love I can feel  
That's the only kind of lovin' I think is real  
Don't wanna be goin' by somethin' I heard now  
'Cause baby action speaks louder than words I wanna love that is mine  
In the rain or even in the sunshine  
A love that will keep me warm when it's cold  
The kind of lovin' that will never grow old I wanna love I can see  
The kind of lovin' that you could give to me  
The kind of kisses to make me melt  
The kind of lovin' that can really be felt I really wanna love  
I gotta know I want your love  
I really need your love  
You know I want your love  
I really want is love I really want a love  
You gotta know I want your love  
I really need your love  
All I really want is your love  
I really want your love  
A love I can see
