

# Gonna Eat For Christmas

## Gloria Estefan & me

Don't want tinsel, don't want bows  
Don't want Rudolph's shiny nose  
I'm gonna eat for Christmas

From my diet I will stray  
But I'll workout the next day (Oh what a shock!)  
Gonna eat for Christmas

It's a time for giving  
Won't you give me mashed potatoes and ham?

It's a time for sharing  
Are you gonna polish off those yams?

You mean these?  
No?  
Yes I am

I don't say this to be nice  
I'll have more black beans and rice  
Gonna eat for Christmas

At the family shindig  
Gonna be the Christmas pig

But I'll leave some room  
I'm planning quite a buffet

Please don't throw away

That leftover food  
Santa gave us some advice  
To be naughty's very nice  
'Cause when you're stuffed  
It'll always feel like

Christmas to you!

Oh, that was exhausting, oh we got a break now?

Oh, yeah

I am so hungry Glo, what'ya got?

Put down that sandwich

Well, do you have anything...

You can't eat now

I can eat this now

No, there's no time

How much time do we have?

We're almost going to sing now

Let me just, wait, I can swallow you take the first part

Get her some water for god sake

I'll join you, go.

There's a twinkle in my eye

For a piece of pumpkin pie

Gonna eat for Christmas

If I eat one more soufflÃ©

I won't fit in Santa's sleigh

I'll be filled with gloom

To face the scale the next day

Is no holiday

We'll sing a different tune (you know it)

Take advantage while we may

Let's pig out on Christmas day

'Cause when you're stuffed

It'll always feel like Christmas

To you

That was fun

Whoa, Yeah

You know there's a candy machine in the lobby.

Did you see it? No, it's there.

I can't believe you

Oy!
