

I Am the Psychic

Art Brut

I know what you've all been thinking
I know what you've all been thinkingYou've had to put in the hours
I was born with special powersESP is good for me
ESP is good for me
ESP is good for me
I am the psychicThere's no point in whispering
All your secrets, I can hear themI've seen every scene you're in
I've seen every sin you sinESP is good for me
ESP is good for me
ESP is good for me
I am the psychicSecond guessing is doing your head in
Second guessing is doing your head in
Second guessing is doing your head in
Second guessing is doing your head inI am the psychic
I am the psychic
I am the psychicI am the psychic
I am the psychic
