This Is Us

Backstreet Boys

Got a million reasons to run and hide
I don't blame you for being scared, for being scared, no
'Bout a novel long, all the pain that he's caused you
Baby I'm fully aware, I'm fully awareIf I would change the stories ending to me and you
Don't know the meaning of pretending what to doI could be the one, give you all my love
Forget what he has done to you, I'm here now
Open up to me, love will set you free
If ever you believe it, please believe in meThis is us, this is us
This is us, this is us
This is love, this is love
Let the world know, babyThis is us, this is us
This is us, this is us
This is love, this is love
Let the world know, baby, this is usI know everything isn't meant to last
Box up all those photographs, you're moving on, yeah
I could flip back over that hour glass
And refill the better half, the better halfAnd it's a miracle how broken hearts can mend
Won't you dry up all those tear drops and start again?I could be the one, give you all my love
Forget what he has done to you, I'm here now
Open up to me, love will set you free
If ever you believe it, please believe in meThis is us, this is us
This is us, this is us
This is love, this is love
Let the world know, babyThis is us, this is us
This is us, this is us
This is love, this is love
Let the world know, baby, this is usIf I could show you there's no risk of being left alone
Would you let your past go, I'll take it slow
'Cause there's no need to rush when I knowI could be the one, give you all my love
Forget what he has done to you, I'm here now
Open up to me, love will set you free
If ever you believe it, please believe in meThis is us, this is us
This is us, this is us
This is love, this is love
Let the world know, babyThis is us, this is us
This is us, this is us
This is love, this is love
Let the world know, baby, this is us
