Just Say The Words

Roses Are Red

I wanted more
I wanted to believe
So I'll take what's mine and hold it close to me
So you can seeI'll take my time
Drink away the memories
I'll take what's mine and hold it close to me
So you can seeSpinning in circles
(Spinning in circles)
Keep our feet on the groundSo just say the words and we'll be on our way
Another mistake, a price to pay
I wanted to tell you but you were nowhere to be found
I'm just a proper king without a crownAnd the love we had before
Is a kingdom that's worth fighting for
We're spinning in circles
With our feet on the groundJust say the words
Just say the wordsJust say the words and we'll be on our way
Another mistake, a price to pay
I wanted to tell you but you were nowhere to be found
I'm just a proper king without a crown
I'm just a proper king without aJust say the words and we'll be on our way
Another mistake, a price to pay
I wanted to tell you but you were nowhere to be found
I'm just a proper king without a crown
I'm just a proper king without a crown
