Manhattan Project (Power Windows)
Imagine a time when it all began
In the dying days of a war
A weapon -- that would settle the score
Whoever found it first would be sure to do their worst --
They always had before...Imagine a man where it all began
A scientist pacing the floor
In each nation -- always eager to explore
To build the best big stick
To turn the winning trick --
But this was something more...
The big bang -- took and sthe world
Shot down the rising sun
the end was begun -- it would hit everyone
When the chain reaction was done
The big shots -- try to hold it back
Fools try to wish it away
The hopeful depend on a world without end
Whatever the hopeless may sayImagine a place where it all began
They gathered from across the land
To work in the secrecy of the desert sand
All of the brightest boys
To play with the biggest toys --
More than they bargained for...
Imagine a man when it all began
The pilot of "Enola Gay"
Flying out of the shockwave on that August day
All the powers that be, and the course of history,
Would be changed for evermore...Chronicles
