Say I Like It

Blue Sky Riders

Im glad you got it, yeah thats good
You wanna know how to thank me
And you probably should
You can take a minute to get me on the phone
Send a certified letter stamp it and its goneBut if you wanna do it right
You can take all night
To say I like it... somehow I knew
That youd appreciate the gesture
And I bet you do
You can pick out something from the jewelry store
Have a dozen red roses waiting at my doorBut if you wanna do it right
You can take all night
To say I like itOh, oh, oh, oh,
You can do this how you like
But no, no, no, no, no, no
I would rather do it right7 money bunny, she dont want nothing
But your heart, soul
Better go, tell me what youre waiting for[Guitar solo]Oh, oh, oh, oh,
You can do this so polite, yeah
But no, no, no, no, no, no
I would rather do it rightAll Im asking is keep it to yourself
If I really need you happy come and ring my bellBut if you wanna do it right
You can take all night
To say I like it
If you wanna do it right
You can take all night
To say I like it.
