Neptune's Convoy

Fu Manchu

Knock-down loaded
Asphalt rollin'
Can you do me one better
With a magnified headerI feel nothin', I feel it all the time
I feel nothin', doing just fineYou knew all along
Pushed out of that arm
One-hundred and fifty
Will do you no wrongI feel nothin', I feel it all the time
I feel nothin', doing just fineFor the longest time
Been ridin' so slow
Gear grindin'
But I didn't knowLend me if you are
I can see you so far
Lend me if you are
But I can see you so farLend me if you are
I can see you so far
Lend me if you are
But I can see you so far
