Ov Fire and the Void

Behemoth

I the Sun ov man
The offspring ov the stellar race
My halo fallen and crushed upon the earth
That I may bring balance to this worldI son ov perdition
From sheer nothingness transgressed
Unto the highest self, to utmost freedom
To explore the starry nature ov my rageI pulse ov existence
The law ov nature undenied
I hold the torch ov Heraclites
So I can shake the earth and move the sunI divine Iconoclast
Injecting chaos into my veins
With life accepted
With pain resurrected
Is the embrace ov God in man profoundThe joy ov a dawn
The ecstasy ov dusk
Nourished have I this karmic flow
Where great above meets great below
Let it be written!
Let it be done!
Scattered I walk towards the fractured light
