The Rip Tide

Beirut

And this is the house where I
I feel alone
Feel alone nowAnd this is the house where I
Could be unknown
Be alone nowSo the waves and I found the rolling tide
So the waves and I found the rip tideAnd this is the house where I
I feel alone
Feel alone nowAnd this is the house where I
Could be unknown
Be alone nowSo the waves and I found the rolling tide
So the waves and I found the rip tide
