## **Horse Hunter**

## **The Dillinger Escape Plan**

Stumbling over dead forgotten
Catch you and the secret falls away
Falls away
You were drunken from delusion
Slipped and so the secret fell away

Fell away I see you

Tears in your eyes

Yeah this party is a bore and you're the joke

Me and you

We are the light

Sit with me

Give me your hand

You should go your way

You are no friend of mine

Life still lives on lives

Red sea inside these walls

Commerce is your god

Cannibalistic flies

Monarch of your womb

Messiah of your thighs

How sacred is the web that must be spun

Your taste is on the tip of every tongure

Down, lets stay down

Take me all the way

All the way down

Shout, shout out loud

Make us proud for days

All the way down

Give to fire

Beyond the soul desire

---
