

# Whatcha' Lookin' 4 (Remix)

Kirk Franklin

I was searchin' for someone to love me right  
Hear me when I cry, keep me late at night  
Jesus came even in my misery  
Wipe the tears from my eyes, this is what He said Whatcha' lookin' 4, I'm the One you're lookin' 4  
What you're searchin' 4, you don't have to search no further  
Give you peace and joy, fill your life with happiness  
Don't you look no more 'cause I'm the One you're lookin' 4 L O V E, love never meant that much to me  
'Til I saw your face, I felt amazing grace  
But in the midnight hour when I held my pillow tight  
He wiped the tears so I could see, this is what He said Whatcha' lookin' 4, I'm the One you're lookin' 4  
What you're searchin' 4, you don't have to search no further  
Give you peace and joy, fill your life with happiness  
Don't you look no more 'cause I'm the One you're lookin' 4 I never knew love could be so sweet  
The joy You give to me, peace and harmony  
I love You so, more than you'll ever know  
What is this that I found, that never, never lets me down Whatcha' lookin' 4, I'm the One you're lookin' 4  
What you're searchin' 4, you don't have to search no further  
Give you peace and joy, fill your life with happiness  
Don't you look no more 'cause I'm the One you're lookin' 4 What you want, I've got it  
What you need, I'm the One you're lookin' 4  
It's yours, I'm the One you're lookin' 4
