Beautiful (Jost & Fleps Radio Version)

Patrick Nuo

Like a thunderstorm on a summer day
She came out of nowhere and that can say
She's a supernova shinin' through the night
A never sleeping satelliteShe's a damn good reason for the sun to rise
When you see her smile in the morning light
When she cries, she cries a wishing well
Played hide and seek with the hounds of hellShe throws you down to take you high
Into her private skyShe's so
Beautiful beautiful beautiful beautiful beautiful
Beautiful beautiful beautiful beautiful beautiful
Magical, mystical, irresistible, cosmical
A wonderful overkill and most of all beautiful
Ooooh ooh ooh aha
Ooooh ooh ooh
She's so oooh ooh ooh
aha oooh ooh ooh
Beautiful
mmh so beautifulYou wanna call her name from the highest hill
And she's better than a 5-million-dollar bill
She swims with you to atlantis' coast
To keep you safe while the world explodesShe's diving down to keep you high
Inside her velvet skyShe's so
Beautiful beautiful beautiful beautiful beautiful
Beautiful beautiful beautiful beautiful beautiful
Magical, mystical, irresistible, cosmical
A wonderful overkill and most of all beautiful
Ooooh ooh ooh
She's so beautiful
She's so oooh ooh ooh
Aha oooh ooh ooh
BeautifulShe's a mermaid who's left her fairytale
She wrote a brandnew song for the nightingale
Sometimes I think she's invented but
Thank-god she's made of flesh and blood.She's everything I've ever missed the more
But most of all she isBeautiful beautiful beautiful beautiful beautiful
Beautiful wonderful powerful magical mystical
Irresistible overkill and most of all beau-ti-ful
Ooooh ooh ooh aha
She's so beautiful

She's so oooh ooh ooh
Aha oooh ooh oohRepeat several times
