If Ya Want Me

The Jezabels

When I saw him
He was smoking
I was stoned
Oh, stonedWhen I told him
How I want him
He shut me down
Woah, ohWhen you're walking the dead end street
Hoping he reminds me
It's time to hit the pavement
It's a simple thing
If you want me
Tell me you want me
Let me know
If you love me
Tell me you love me
Let it showI found a picture
You drew of me falling
Into the hole
Broke my heartI knew this arrangement
Of understatement
Was dragging on
Getting coldYou say it's a dark, dark world
And not to put yourself out there
Or you're heading for train tracks
Oh, no
You say it's a dark, dark world
Scary situations
What a fucking dark, dark girl
Look at youIf you want me
Tell me you want me
Let me know
Let me know
If you love me
Tell me you love me
Let it show
You can always find another girl(Calling on the street)
It's a dead end street
(Looking up the street)
Dead end street

(Calling all alone)
All alone throughBut you better move
To stick you flag in that
You can always find another girl(Calling on the street)
Dead end street
(Looking up the street)
Dead end streetIf you want me
Tell me you want me
Let me know
Let me know
If you love me
Tell me you love me
Let it show
You can always find another girl(Calling on the street)
Dead end street
(Looking up the street)
Dead end street
You can always find another girlCalling on the street
Dead end street
Looking up the street
Dead end street
You can always find another girlIf you want me
Tell me you want me
If you love me
Tell me you love me
