

# No Rules

[GG Allin](#)

Anything I wanna do - No rules!  
I won't take no shit from you - No rules!  
I don't care if you don't like me - No rules!  
Do you think I really care? - Let's go!C'mon lets go and start a riot - No rules!  
I like to make noise, I hate to be quiet - No rules!  
They can't tell me what to do - No rules!  
'Cause I will never ever loose - Let's go!No rules!  
No rules!  
No rules!  
No rules!Stand up and shout for what you want - No rules!  
Don't give in until you won - No rules!  
Never compromise your feelings - No Rules!  
'Cause I got the right to show my feelings - Let's go!
