Prom Night

Carnivores

Walking down the road, my friends at the mall
Everybody is looking at my new dress is blue
My hair is permed and my perfume smells good
I like a boy, he's nice
Gotta get good with Vitamin C
Gotta wear heels so I look good
Waving at my teacher, time for the dance
I see that boy and his new haircut
Is he gonna ask me?
Is he gonna ask me?
Time for us to danceIt's prom night
Whom I gonna dance with (Prom Night)
Is He looking at me (Prom Night)
That boy is kinda cute Prom Night)
I like his stare (Prom Night)
Whom I gonna dance with (Prom Night)
You're looking at me (Prom Night)
That boy is kinda cute Prom Night)
I like his suit (Prom Night)dancin' dancin' dancin' dancin' dancin' dancin' dancing (2x)Walking over to sip some punch
Our eyes they meet and my heart stops
Fly away my butterflies, fly away fly away
He hands me a flower and a note attached
Will you be mine, I think in my mind
Grabs my hand, he walks me over to the dancefloor
Young and in love,
Is he gonna ask me?
Is he gonna ask me?
Time for us to danceIt's prom night
Whom I gonna dance with (Prom Night)
Is he looking at me (Prom Night)
That boy is kinda cute Prom Night)
I like his stare (Prom Night)
