

Sure Thing

[LeAnn Rimes](#)

Baby why you wanna waste your time
On just a pretty face
She changes guys with the mood of the day.
Save yourself a heartache.
Take a look
I'm waiting in the wings
A good long look
'cause what you got comin' is a
Sure thing
Sure thing
One-hundred-percent guaranteed love that's true
Just for you.
No way your heart can lose.
On a sure thing. Well I'm not gonna switch from hot to cold
Play those little tricks you're always gonna know
Just where you stand
I'll be on your right hand.
You won't miss those run-around flings
Make your wish
'cause what you got comin' is a
Sure thing
Sure thing
One-hundred-percent guaranteed love that's true
Just for you.
No way your heart can lose.
On a sure thing. I'm not putting my hopes on a might or maybe
But one plus one would make a wild pair
Whaddaya say?
Baby ...
What you got comin' is a Sure thing
Sure thing
One-hundred-percent guaranteed love that's true
Just for you.
No way your heart can lose.
On a sure thing.
