

# A Good Day

[Lena Meyer-landrut](#)

Saw you at the football games, everybody knew your name  
Once or twice I'd seen you smile at me  
I was scared to ask you out, I was sure that you would turn me down  
But I took that chance 'cause how cool would that be  
Then what do you know you said you'd go and there we  
were  
Walking barefoot down by the water, sun was hot but you made it hotter  
Found that shade tree there by the riverbank  
Sitting there, our toes all muddy, that first kiss was sweeter than honey  
And every time that I look back I say man that was a good day  
We all have our memories, the ones we lose, the  
ones we keep  
The ones we know we'll always hold on to  
I've had my days, good and bad but the best ones that I've had  
Always seem to start and end with you  
Yeah, those are the times I know that I won't forget  
Like that July Fourth,  
hugged up by the levy  
You squeezed me hard and told me you loved me  
Fireworks flying taking our breath away  
Felt like we were melting together, thinking I could do this forever  
And every time that I look back I say man that was a good day  
When we're finished with this ride and we're on  
the other side  
Bet we'll look back at this life and say  
Man that was a good day, man that was a good day  
Man that was a good day, man that was a good day  
Man that was a good day, man that was a good day  
Oh, that was a good day, man that was a good day  
I saw you at the football games, everybody knew your name  
Once or twice I'd seen you smile at me
