

# You Had Time

Ani DiFranco

How can I go home with nothing to say?  
I know you're going to look at me that way  
And say what did you do out there and what did you decide?  
You said you needed time and you had time You are a China shop and I am a bull  
You are really good food and I am full  
I guess everything is timing, I guess everything's been said  
So I am coming home with an empty head You'll say did they love you or what?  
I'll say they love what I do  
The only one who really loves me is you And you'll say girl did you kick some butt?  
And I'll say I don't really remember  
But my fingers are sore and my voice is too You'll say it's really good to see you  
You'll say I missed you horribly  
You'll say let me carry that, give that to me And you will take the heavy stuff  
And you will drive the car  
And I'll look out the window and make jokes  
About the way things are How can I go home with nothing to say?  
I know you're going to look at me that way  
And say what did you do out there and what did you decide?  
You said you needed time and you had time
