

# Latest Craze

## Seal

Warmth, security and all that comes with it  
Still the wondering how it ever felt this good  
When you do it by daylight  
In company or even by yourself If they tell you, it gets harder  
Then something's right  
But trust me, if you're feeling it  
It gets easier by the night  
When you do it, daylight  
Or even in company, that's okay But if it felt the same, a little superficial  
I figure if it's good to me  
It's the latest craze  
The latest craze Tell me, father, say that it's no good  
I'm doing something  
Frankly, I don't think that I should  
Any fool can see there's no guarantee, no If they tell you, tell you  
It gets harder, harder, ohh  
Then something's right  
Then something's right But trust me, trust me  
If you're feeling it  
If you're feeling it  
It gets easier by the night when you do it When you do it in daylight  
In daylight maybe sometimes  
Or even sometimes in company  
In company, that's okay But if it felt the same  
A little superficial  
I figure if it's good to me  
Then it's the latest craze And if it felt the same  
Yet slightly superficial  
I figure if it's all new to me  
It's just the latest craze  
It's just the latest craze What does this mean to me?  
What does this mean to me?  
Any fool can see, any fool can see  
It's just a fantasy, it's just a fantasy Oh yes, not a phase  
It's just the latest craze  
It's the latest craze  
It's the latest craze Any fool can see I'm doing something  
Frankly, I don't think that I should
