Razorblade

Ils

Bleeding for your touch
I'm wanting you so much
you're the blade,
that can heal me and destroy.
The deeper that you cut,
deeper into me, lights me up,
like a wire set on fire.

Cut me like a razorblade.
I've fallen to pieces, by hearing your name.
I've fallen to pieces.
I feel myself begin to fade.
Cut me like a razorblade.
I've fallen to pieces, by hearing your name.
By hearing your name.

(I've fallen to pieces.
I've fallen to pieces, by hearing your name)x2

Torn up into shreds.
Tattered up and frayed,
I miss your taste,
I wanna become your prey.
The deeper that you cut,
deeper into me, lights me up,
like a wire set on fire.

Cut me like a razorblade.
I've fallen to pieces, by hearing your name.
I've fallen to pieces.
I feel myself begin to fade.
Cut me like a razorblade.
I've fallen to pieces, by hearing your name.
By hearing your name.

Bleeding for your touch,
I'm wanting you so much,
you're the blade,
that can heal me and destroy.
The deeper that you cut,

deeper into me, lights me up,
like a wire set on fire.

Cut me like a razorblade.
I've fallen to pieces.
Cut me like a razorblade.
I've fallen to pieces, by hearing your name.
By hearing your name.
