

# Robin Hood (Live: Royal Albert Hall Feb '97)

## Ocean Colour Scene

When you're starting to choke take some pills with your coke  
It's inspirational  
When your life is a mess light one more cigarette  
It's so logical Well it's something your mother can't abide  
But it's something that I freely prescribe Take yourself for a ride  
It never felt so good  
As the night that you and I played robin hood  
Stealing from the backrooms of my mind  
Remembering a time when we were five  
A time I thought we'd left behind When I'm starting to cry  
Come and sit by my side  
I will love you so  
And when nightmares come  
I will try to be fun, even though;  
I'm so scared you know Well it's something your mother can't abide  
But it's something that I freely prescribe Take yourself for a ride  
It never felt so good  
As the night that you and I played robin hood  
Stealing from the backrooms of our minds  
Stealing from a time when we were five  
A time I thought we'd left behind Stealing from the backrooms of our minds  
Stealing from a time when we were five  
A time I thought we'd left behind When you're starting to choke take some pills with your coke  
It's hysterical
