

Gone Gone

Grey Revell

run run screaming at the sun
couldn't a done better if i won it in the lottery
run run faster than a gun
gonna find my baby and i'm gonna have a family
run run till the running's done
gonna play guitar and make money off her pottery
fun fun underneath the sun
we're gonna have a baby and we're gonna raise it right
gone gone
every thing is gone
maybe now i'll find someone i love and have a family
dumb dumb
everyone was dumb
slaving for a dollar in the name of nationality
bomb bomb thank you for the bomb
you vaporize the idiots you send em to infinity
run run till the running's done
i'm gonna find my baby and i'm gonna treat her right
gone gone
every thing is gone
couldn't a done better if i won it in the lottery
run run till the running's done
I'm gonna play guitar and make money off her pottery
bomb bomb thank you for the bomb
you vaporize the idiots you send em to infinity
run run screaming at the sun:
"i'm gonna have a family i'm gonna do it right"
