

# White Flag

## Far East Movement & Kayla Kai

Cherry, cherry, boom, boom  
Yeah, yeah, up all night feeling like a [Incomprehensible]  
Living in a nightmare, looking for a dream  
I wanna live so free, free, free Not doing just me, me, me  
Sometimes you, you sometimes me, me  
Trying to stay off that TMZ  
You, you, you are my queen  
Lay down that draw bridge for your king I'll give it all, maybe to this nothing  
Nothing for me to give it all  
Oh, woah, yeah, yeah  
I'll give it all, maybe to this nothing  
Nothing for me to give it all  
Oh, woah, yeah, yeah  
I'll wave my white flag  
And I'll wave it, wave it  
I'll wave my white flag  
I'll wave it for you  
Oh, woah I'll wave my white flag  
And I'll wave it, wave it  
I'll wave my white flag  
I'll wave it for you  
Oh, woah Even living in a castle we make ball  
Like living in a house with glass for walls  
So baby, you and I will see  
That we can live together forever And I will lose it all  
Meet me on the battlefield camouflage  
And maybe you and I  
Can be live together forever  
I'll give it all, maybe to this nothing  
Nothing for me to give it all  
Oh, woah, yeah, yeah  
I'll give it all, maybe to this nothing  
Nothing for me to give it all  
Oh, woah, yeah, yeah I'll wave my white flag  
And I'll wave it, wave it  
I'll wave my white flag  
I'll wave it for you  
Oh, woah I'll wave my white flag  
And I'll wave it, wave it

I'll wave my white flag  
I'll wave it for you  
Oh, woahWe live in a world where we barely breathin'  
You love is so cold, girl, you got me freezing  
Damn, I can't wait till the change of seasons  
To make you heart melt like resses piecesAlways on the left, trying to make it right  
I don't wanna brief overstay tonight  
Hand me the check and I'll pay the price  
I will wave the white flag for you, you, youI'll give it all, maybe to this nothing  
Nothing for me to give it all  
Oh, woah, yeah, yeah  
I'll give it all, maybe to this nothing  
Nothing for me to give it all  
Oh, woah, yeah, yeahI'll wave my white flag  
And I'll wave it, wave it  
I'll wave my white flag  
I'll wave it for you  
Oh, woahI'll wave my white flag  
And I'll wave it, wave it  
I'll wave my white flag  
I'll wave it for you  
Oh, woahWave the white flag for you

Sometimes you, you sometimes me, me  
Waving the white flag for youI'll give it all, maybe to this nothing
