Timing Is Reason

Sunset Black

Call out
I'm sorry that I've had to say
Call out
I'm sorry that I couldn't stay the same as always
AlwaysThis is my all
This time around
This is my all
We're finding out
Push over for another
We're finding outI covered the ashes in here
I buried myself in you
Timing is reason
Breathing not sinking
The same as always
AlwaysThis is my all
This time around
This is my all
We're finding out
Push over for another
We're finding outTiming is reasonThis is my all
This time around
This is my all
We're finding out
Push over for another
We're finding outTiming is reason
