

Opus For Sleepwalking

The Burning of Rome

You kill in the name
Of all those blame
You hate everything
Donâ€™t you?

You walk in a maze
It goes on for days
You hate everything
Donâ€™t you?

The ending is coming near my dear
Shall we say goodbye?
The walls are losing in my dear
Who will save our lives?
Itâ€™s the killing; itâ€™s the real thing
Do we have to die?
Weâ€™re walking in our sleep again
Let us wake and rise

From death

Be gone, donâ€™t come around no more
(REPEAT)
