

Getaway Car

Chelsey Chavez

You can say your last words
Don't hold your breath
Would it be a mistake
If we did it again
Oh oh, I don't know
Uh oh

As the seasons change
So did my love
Cause you gave us up
And I've had enough
Oh oh, didn't you know, oh

My eyes will be the last that you'll see

While you drive away
With my love inside your heart
Don't look back my way
Even when you're in the dark
I won't be wondering where you are
In your get away car
In your get away car

I won't answer the phone
Cause all I hear are lies
You gave it up and set me free
A memory's all we'll ever be

My eyes will be the last that you'll see

While you drive away
With my love inside your heart
Don't look back my way
Even when you're in the dark
I won't be wondering where you are
In your get away car
In your get away car

You're far off in the distance
As I free myself from you

From all your broken promises
And pictures of us too
My love will be the last thing that you need

While you drive away
With my love inside your heart
Donâ€™t look back my way
Even when youâ€™re in the dark

While you drive away
With regret inside your heart
Donâ€™t look back my way
Even when youâ€™re in the dark
I wonâ€™t be wondering where you are (I wonâ€™t be wondering where you are)
I wonâ€™t be wondering where you are (Last thing that youâ€™ll see)
I wonâ€™t be wondering where you are (Ooooooh)
In your get away car
