

Everyone's Got a Story

MacKenzie Bourg

My heart is mine
your heart is yours.
All that I'm seeing is open doors.
Just close your eyes
and know your mine.
It don't matter where you've from cause,
you've got something better about you.
And Everyone's Got A Story.

It's time to live yours. x3
(Oh-oh-oh-oh)

The time is yours.
Your hand in mine.
Take a look at the world
and see the signs.
Don't move, be still, against your will.
Take a moment and make it last cause,
you've got something better about you.
Everyone's Got A Story.

It's time to live yours. x5
(Oh-oh-oh-oh)

Oh-ooo
But it's time to live yours.
Oh-ooo, yeah.
It's time to live yours!
