No Good

Pia Mia

[Verse 1]
Always running back to the one
He knows it's the way to rearrange
But at least I could say I'll wait around, you know
I know, I already know, already know[Pre-Chorus]
I, I can hang around another night
You should already know
I, I will stick around to see you cry
I want ya, and I don't know why[Chorus]
I love ya, even when you lie
I miss ya when you're by my side
I want ya, and I don't know why
I always run back to the one that's no good for me
[Verse 2]
Always runnin' back to the one
I know there's no time to rearrange anything
Always somethin' you do to keep me fallin' inside of your pocket
I can't stop it if I wanted to[Pre-Chorus]
I, I can hang around another night
You should already know
I, I will stick around to see you cry
I want ya, and I don't know why[Chorus]
I love ya, even when you lie
I miss ya when you're by my side
I want ya, and I don't know why
I always run back to the one that's no good for me
[Bridge]
I always run back to the one that ain't good for me
I already know
I always run back to the one that ain't no good for me
At least I already know[Pre-Chorus]
I, I can hang around another night
You should already know
I, I will stick around to see you cry
I want ya, and I don't know why[Chorus]
I love ya, even when you lie
I miss ya when you're by my side
I want ya, and I don't know why
I always run back to the one that's no good for me
