

# Turnin' Me On

[Nina Sky](#)

Have you ever seen someone  
That you thought was so sexy?  
And even though you had a man  
He was still turning you on  
Mood the feelin' right  
And I see you standin' there  
Not an ordinary night  
Feelin' lust is in the air  
(Hey)  
The way your body looks  
It's turnin' me on  
The way you lick your lips slow  
Makes me want you even more  
Whoa  
You're turnin' me on  
Whoa  
You're turnin' me on  
If so attracted  
Could this be wrong  
To feel this way  
And come on so strong  
Won't take my time  
'Cause you might be gone  
Don't know your name  
But you're turnin' me on  
Whoa  
You're turnin' me on  
Whoa  
You're turnin' me on  
All alone tonight  
And I left my man at home  
I can't, get you out my site  
I know, this feelin' is so wrong  
(Hey)  
I wanna approach you  
Let you know how I feel  
I wanna do more to  
Try to seal this deal  
Whoa

You're turnin' me on  
Whoa  
You're turnin' me on  
If so attracted  
Could this be wrong  
To feel this way  
And come on so strong  
Won't take my time  
'Cause you might be gone  
Don't know your name  
But you're turnin' me on  
Whoa  
You're turnin' me on  
Whoa  
You're turnin' me on  
End of the night  
Can I, wait for you outside?  
We can end this evenin' right  
We can, kick it on the side  
I need to experience  
What you can do  
We'll have a private party  
For just me and you  
Whoa  
You're turnin' me on  
Whoa  
You're turnin' me on  
If so attracted  
Could this be wrong  
To feel this way  
And come on so strong  
Won't take my time  
'Cause you might be gone  
Don't know your name  
But you're turnin' me on  
Whoa  
You're turnin' me on  
Whoa  
You're turnin' me on  
First time I ever been so  
Attracted to a stranger  
Don't know if this is wrong but  
Don't mind if any danger  
You caught my eye  
Minute that I saw you

Thought that I may wanna get to know you

Can I get your name?

Makin' me say

(You're turnin' me on)

Hey hey

Hey hey

Hey hey

Hey hey

Hey hey

Hey hey

Hey hey

Hey hey

Whoa

You're turnin' me on

Whoa

You're turnin' me on

If so attracted

Could this be wrong

To feel this way

And come on so strong

Won't take my time

'Cause you might be gone

Don't know your name

But you're turnin' me on

Whoa

You're turnin' me on

Whoa

You're turnin' me on
