## Selfmindead

Shut up  
Don't say another word  
I know what you are  
And I know what you doLying is the name of the gama in process  
Lying is the name of the game you play  
Lying is the name of the gama in process  
Lying is the name of the gameYou fraud  
I can see right trough you  
Liar  
I won't fall into your trap  
The game is over  
I win and you lose  
The game is over  
I win and you lose this time  
Can't believe a word you say  
Not a word you say is true  
Can't believe a word you say- You Liar  
Not a word you say is true- You FraudThe Game is over now  
You liarI won't believe in your lies
