

Up Down (feat. D Double E)

Rustie

It's gonna go down
It's gonna go down
Oh my word
It's gonna go down What goes up must come down
What falls up must come down
What goes up must come down
What falls up is gonna go down It's gonna go down
When I get to the club, it's gonna go down
And hit the dancefloor, it's gonna go down
And I get a little scrap, it's gonna go down
What's gonna go down when I draw down?
Bare tings is gonna go down
Bare tings is gonna go down
Got all the sexiest tings in town bend down
Is gonna go down
What falls up must come down It's gonna go down
When I jump on stage, it's gonna go down
Like the Titanic, it's gonna go down
Make a guy panic, it's gonna go down
It's gonna go down, underwater
Lyrical torture, you'll get slaughtered
In the first quarter, I've already warned ya
I've already told ya Is gonna go down
Is gonna go down
It's gonna go down
Everyting powered is gonna go down
I've got the power, it's gonna go down
Lyrical showers, it's gonna go down
Everybody in my way get knocked down
I'm a heavyweight that you can't hold up
I'm a heavyweight that you can't hold down
And I'm wearing a pound, I'm tearing it down Is gonna go down
Is gonna go down Get down
This is the sound that's spreading around
If you ain't heard it yet, you're bound to be found
True say, the heavyweight sounds around
We could [?] the underground sound
To match the guys [?]
Gonna get up and we're gonna get down on the ground

Killer sound's around
