That's All That Matters to Me

Paul Carrack

Baby, I won't lie to you
I have some serious doubts
And I'm just hoping and praying
That everything work out
I'm tryna keep my distance
Oh, when I'm just waiting to see
But if you're alright
That's all that matters to meI always knew that before long
There's gonna come a day
When you wanna spread your wings
And find your own way
You don't need to remind me
That my love for you is so deep
But if you're alright
That's all that matters to me
Well, it's hard to let go
But I be strong
Cause deep down I know
That you need to be free
To become all you can beI know you don't ask for nothing
Stand on your own two feet
But don't be too proud to call on me
If ever you're in need
I'm always there if you need me
That's the way that's gonna be
But if you're alright
That's all that matters to meWell, it's hard to let go
But I be strong
Cause deep down I know
That's it's wrong to hold on
Cause it's your life
When all said and done
Baby, I won't lie to you I had some serious doubts
I'm just hoping and praying
That everything work out
I'm only hoping and praying
Cause I know that's how it should be
But if you're alright
That's all that matters to mea
