Walk On Water

Blue County

Everybody covets everybody lies
Everybodys done it some time in their lives
We all slip, we dont mean to
That dont mean you cant make it rightIts the path you take the steps you make
That make you who you are
Its the life you live, the gifts you give
The love thats in your heartJust try to do the best you can
To be a better man
You dont have to walk on water
Its how you walk on landEverybody judges everybody else
Everybodys done it to everyone but themselves
We know whats right but we still go wrong
And life still goes on even when we failIts the path you take the steps you make
That make you who you are
Its the life you live, the gifts you give
The love thats in your heartJust try to do the best you can
To be a better man
You dont have to walk on water
Its how you walk on landIts the path you take the steps you make
That make you who you are
Its the life you live, the gifts you give
The love thats in your heartJust try to do the best you can
To be a better man
You dont have to walk on water
Oh, its how you walk on land
You dont have to walk on water
Its how you walk on land
