What You Never Know

Sarah Brightman

What you never know won't hurt you
What you never know won't lie
What you never know won't desert you
What you never know won't say goodbyeWhat you never know won't hurt you
What you never know won't lie
What you never know won't desert you
What you never know won't make you cryWhat you never know
What you never, never, never, know
What you never know What you never know won't hurt you
What you never know won't desert you
What you never know won't desert you
What you never know unless you tryWhat you never know won't hurt you
