

# Sweet Mary

## Argent

Where are you now  
that my sweet Mary done died  
    Alone, alone, alone  
    Somewhere you say  
    where my sweet Mary  
    Held her grave  
        in her arms  
    like an infant odyssey

Well you can  
hush my little darlin'  
    don't you cryâ€  
Hush beneath the dreams  
    we did roam  
    cause I do believe  
        it will be  
    just like the color when  
        the purple sings  
    When I will know  
        for sureâ€  
.

She was held to the blade  
laid down my sweet Mary dear  
    She laid down upon  
        the cold winter's floor  
    and I remember what she said  
        when she saw the snow turn  
            to red  
    She said lord let me be the lord  
        Let me be the lord

Well you can  
hush my little darlin'  
    don't you cry  
Hush beneath the dreams  
    we did roam

Cause I do believe it will be  
    just like the color when  
        the purple sings

when yes this angel  
will cover usâ€¡.
